WELCOME!

FROM THE HEAD OF SCHOOL

Mr. Arvind K. Chalasani

2020 has been a memorably complex and challenging year for all of us, where the going was tough, but we as a school came on top. I am proud of our students and teachers who had risen to the challenges and adapted to the ever-changing situations. Teachers went beyond their scope to ensure that every student is cared for with no compromise on instructional quality. Students have adjusted well to online learning and assessments and came out with flying colours. A special note of appreciation to our graduating students, who, despite not being on campus for most of their senior years in Year 11 and 12, has provided leadership and set an example for the batches to come. They made us proud with their excellent IB results, which are the best in the school's history.

Though there were many lost learning opportunities for students and teachers, there were also many teachable moments for all. These include lessons on resilience, empathy, appreciation and gratitude. Our students will never forget these lessons for life and the year that has passed.

Our Junior and middle school students stood up to the challenge of online learning with perseverance while we continued with a full day online teaching and learning schedule. However, they did not let the online school dampen their spirit and went on to have their fun-filled assemblies, dance and music festivals and not least the PYP exhibition.

A special note of appreciation to our student leaders, who adapted quickly to the changed scenario and have successfully organized the TOK conference and the BAMUN conference with participation from different countries and made them truly international.

We count our blessings for a successful year with unconditional support from our students, teachers, and parents. We look forward to a good year ahead, embracing the challenges that await us with enthusiasm and purposefulness.

The unprecedented circumstances of the year gone by forced us to take the road less traveled, but by doing so, enabled our students to acquire strengths they wouldn't have otherwise discovered. .

GREETINGS AND FAREWELL! FROM THE SCHOOL CAPTAINS

Zara Mahesh Ratnani and Rexton Winarya

I'm sure I can speak for everyone when I say the academic year of 2020-2021 was a challenge. However, despite the unprecedented changes each and every one of us faced, we got through it together. We were able to look at the silver lining on the cloud, face the challenges with strength and resilience, eventually becoming better versions of ourselves.

Zara Mahesh Ratnani

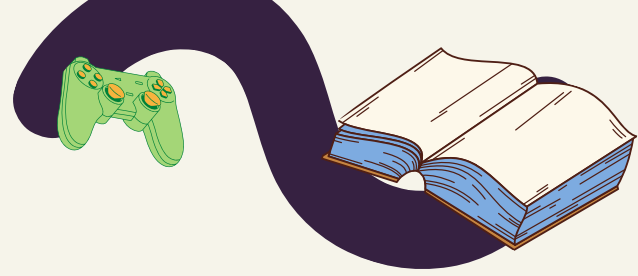

There's no doubt that Rexton and I, as school captains, had many plans and ideas we wanted to incorporate in the school, however at a time like this, it was definitely harder than we anticipated. Regardless, I will forever be grateful and honored to have been the school captain of my second home.

I hope everyone enjoyed their summer holidays, and that all of you are ready to take on new adventures this year! May we all grow as individuals from every challenge we face, and may we persevere through everything. Wishing all of you the best of luck for school and everything else. Stay safe, healthy and happy at all times! That said, thank you for the most amazing 12 years, Beacon Academy. You'll forever be my second home and my second family. Till next time!

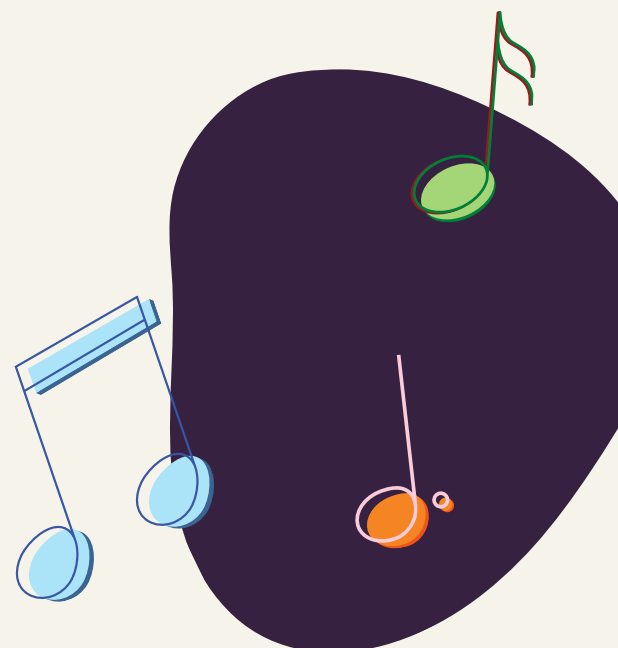

Rexton Winarya

I have been in this school for my whole academic life, and needless to say, it has been a big part of my life. The past academic year had undoubtedly been the most challenging for the majority of us, including myself. As a school captain, I wanted to make sure that despite everything that was happening, school would be something to look forward to. Although Zara and I weren't able to fully incorporate our ideas due to the pandemic, I am still very grateful for the opportunity everyone has given me. I will surely miss the Beacon vibe.

EVENTS RECAP!

FOUNDER'S DAY

On the 26th of October, students, teachers and staff would come together to celebrate Founders Day, where they get to enjoy a day full of festivities and food. However, this year our school decided to take a different approach to celebrate this joyous occasion. This year, students from junior school to Year 12 were given the opportunity to hold their own student-led virtual assemblies in the span of a week as a way to celebrate the festive occasion.

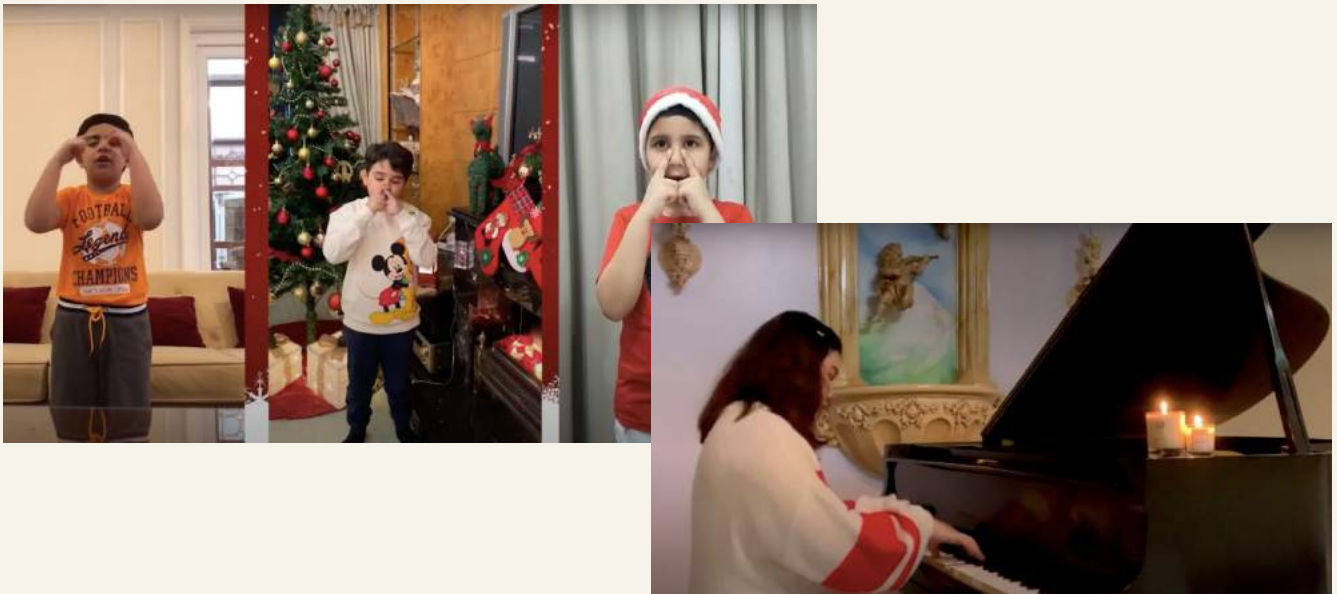

This project gave students opportunities to communicate with their old peers and befriend new students, which was especially important at this time. Each assembly had its own such as for the Year 9s who chose to focus on the topic of bullying and the Year 8s who incorporated virtues of Honesty and Open-Mindedness into their show. Each assembly had a variety of events and performances such as hilarious skits, informative news recaps, comedic music videos, and wonderful dance and music performances. Students also got creative with their style of editing and format such as the Year 11s which made their assembly resemble a talk show while the Year 10s incorporated the famous game, Among Us, into their assembly.

DIWALI

On November 17, 2020, an assembly was conducted to celebrate the 'festival of lights', Diwali. Each grade commemorated this occasion in their own way, from singing to acting. The assembly brought about a feeling of togetherness as the whole school contributed to the compiled performances.

CHRISTMAS TALENT SHOW

Christmas is a special celebration for many as a way to spread joy and gather with family and friends. To celebrate this festive season, Beacon Academy held a Christmas Talent Show on the 15th of December, where students could do a musical or dance performance that was perfect for the joyous occasion. Some students decided to get even more festive by dressing in colours of red and green, while also wearing hats suited for the occasion.

SCIENCE EXHIBITION

The Science Exhibition is one of Beacon Academy's anticipated events each year for Junior School but this year, students from junior school to senior school were able to work in groups to exhibit various scientific experiments or projects. Despite the limitations the students faced, they were still able to showcase informative yet interesting experiments by using different household items such as plastic bottles, eggs, vinegar or even leaves.

DANCE SHOWCASE

On the 7th of April, Elenna Patricia and Jenell Assnawi (Y11) organized Beacon Academy's junior school dance showcase, along with its first-ever interschool dance competition for middle and senior school students. The dance showcase started off on a fun note, where the Year 1 students came together to perform a fun rendition of the "Follow the Leader" dance.

Many junior school students participated in the showcase, as they danced their hearts out to lively music while doing some cool tricks along the way. The event continued with the dance competition, where competing students were judged on different categories by 3 spectacular judges, Daffa Putra Pradana, Lil'Li Latisha and Elenna Patricia, our school's Dance Captain. In addition to that, our school's dance team also decided to do a special surprise performance before it was announced that Geneavive Patricia (Y8) was the winner of the dance competition.

CHINESE NEW YEAR ASSEMBLY

Chinese New Year is a festival that celebrates the new year on the Traditional Chinese calendar, which was on February 12, 2021. To commemorate this occasion, Beacon hosted a Chinese New Year assembly on the 11th of February, followed by a day off on the 12th as it was aptly a public holiday. Performances were carried out by the students, including acts of heartfelt dancing, educational storytelling, uplifting singing and playing musical instruments.

MATHS FESTIVAL

The Maths Festival, once an exciting event celebrated by the school to embrace the importance of mathematics in a fun way by all students from different year groups, could not be held due to the ongoing pandemic. So for this school year, students were tasked by our beloved math teachers to create a project that revolved around the mathematics they had been learning in class. Students were given creative liberty over their projects and had also created videos to showcase their projects on the day. As a result, many groups of students let their imaginations run wild as they sang songs about mathematics, created beautiful art, and spoke about fascinating topics while using different mathematical concepts.

TOK CONFERENCE

The Grade 11's hosted their second TOK Conference on Saturday, 6 March 2021, which revolved around the theme 'Metaphors of the Mind'. Organisers invited students from nine different schools to attend the event, where they will have to participate in four workshops: Escape Room, Spyfall, Pictionary and Virtual Exhibition. Each of these workshops demonstrated different components in the TOK course.

They invited Ms Jenny Gillett, who is currently the Senior Curriculum Manager for the Theory of Knowledge program, to give an insightful speech about the TOK course now and how it is important in preparing the youth today for the world tomorrow followed by a short Q&A session with the students. NYU graduate, Raghuvver Vyas, Beacon Alumnus, Jayesh Ailani and our very own Beacon students, Zara Ratnani and Pranati Chalasani were called to share their thoughts on TOK-related topics.

Jenny Gillett

Raghuvver Vyas

Jayesh Ailani

Zara Mahesh Ratnani

Pranati Chalasani

VISUAL ARTS ASSEMBLY

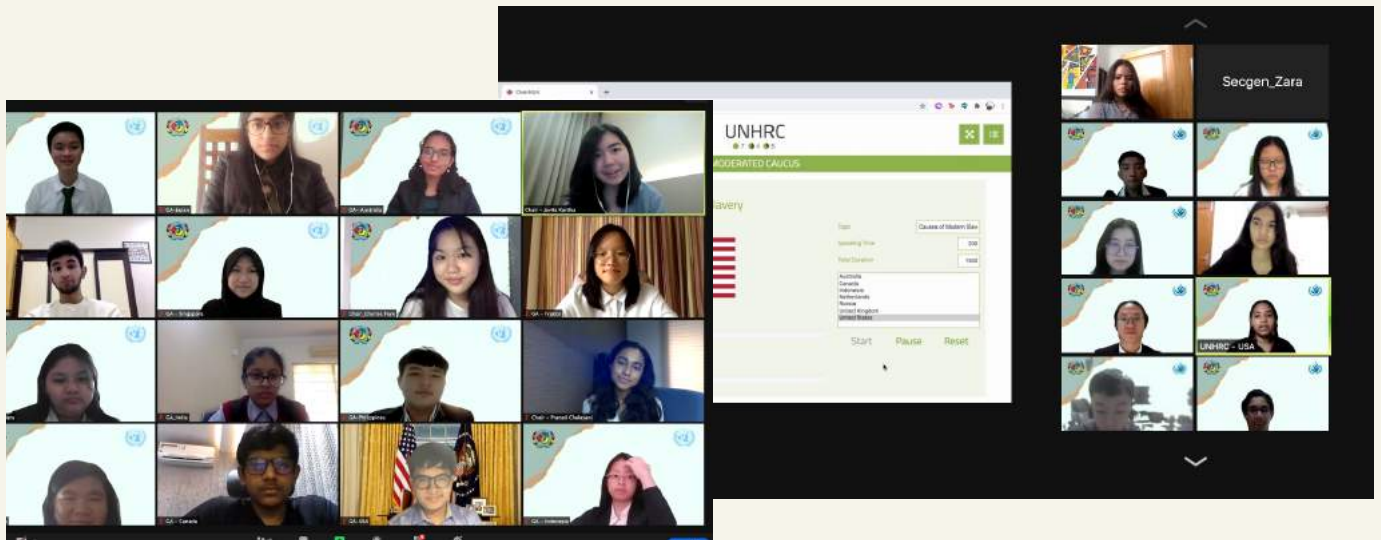

Students from all grades had participated in this year's Art assembly, held on the 29th of April, where students got to showcase the fantastic artworks they created this year. They were given the opportunity to speak about the iconic artists whose works they were inspired by such as Mateusz Urbanowicz and Peter Sheeler while also reflecting on their practices. Students also got to discuss the different mediums, techniques and experimentation they had done to finally create their splendid art pieces such as the Year 8s that created pieces revolving around the theme of 'On the Surface'.

INTERHOUSE E-SPORTS TOURNAMENT

A Beacon Academy year cannot be completed without friendly competition between the 4 houses: Earth, Air, Water and Fire. This year, for obvious reasons, the grade 12's hosted an Interhouse E-Sports Tournament on November 11, 2020, where participants would have the chance to compete in Chess and 8 Ball Pool and win points for their respective houses.

BAMUN CONFERENCE

Beacon Academy held its second annual MUN Conference on the 23rd and 24th of January 2021. In this event, students from schools across Indonesia came together (on a zoom meet, of course) to discuss several important topics such as the Covid 19 Outbreak, domestic violence, modern slavery, and the transition out of war in their respective committies. The various delegates in each committee brought up solutions, existing problems along with several insightful lines to support their points.

SPIRIT WEEK (JS)

Junior School engaged in Spirit Week, a week-long event that took place from December 7 to 11, 2020, where students participated in various fun and silly activities. On Monday, they were asked to dress up as a clown and appropriately clowned around the whole day. YADSEUT (Tuesday) was rendered 'opposite day' and to celebrate, students and teachers did their tasks backwards - they wore their shirts backwards, wrote backwards and to an extent, dressed up abnormally.

Thursday was a day to show off the student's house pride. Everyone wore their house colours to commemorate House Spirit Day.

Lastly, the mini Elton Johns and Donna Summers of Junior School enjoyed 'Disco Fever' day by playing games, dressing up and showing off their groovy dance moves!

THE VOICE

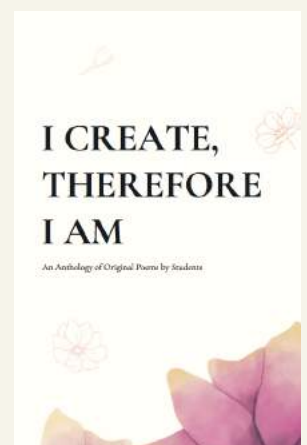

On February 19, 2021, the annual 'The Voice' competition was organised. It revolved around a quote all Beaconites have come to know and understand by heart - "I want to be the best that I can be".

Awards were given to each of the 4 categories - Lower JS, Upper JS, MS and SS - based on the judges' decisions - Mr Ray, Mr Malvin, Mr Ihwan, Mr Jeremy, Mr Leon and Ms Laura. There were also 2 special rewards aside from the top 3/4 of each category; one of which was 'best music video' award, which was awarded to Aleisha (Lower JS) for having the greatest expressions, looks and video quality overall. The contestants gave it their all and made this year's 'The Voice' event very memorable.

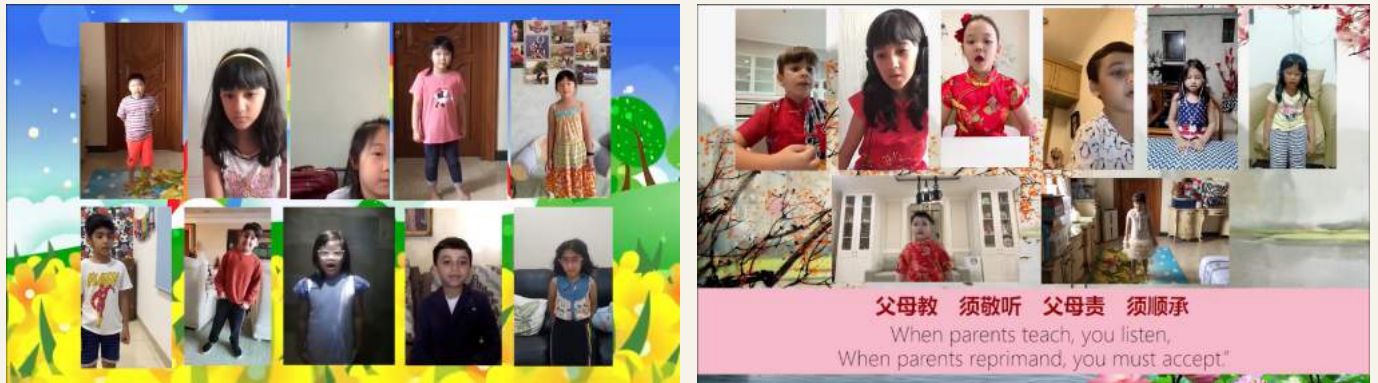

POETRY ANTHOLOGY

"I CREATE, THEREFORE I AM."

Later into the year, the school released its first-ever poetry anthology titled "I create, therefore I am." which was published by our school's head of publications, Mishka Jain and assisted by one of our English teachers, Mr Shouquot Hussain. This anthology included dozens of heartfelt and insightful poems that revolved around the topic of "Growth" and "Identity", which were all written by our fellow beaconites from middle school to senior school.

JUNIOR SCHOOL MOTHER LANGUAGE WEEK

The Junior School students showcased literature works written in their mother language - in order to preserve said mother languages during Mother Language Week, which was held from February 22 to 26, 2021. During this time, they learnt about several cultures such as Indian, Chinese, Indonesian and Vietnamese.

They learnt about the different traditions that make up the Junior School student population now, including (but not limited to) the food, songs, folktales, languages and dances that make up their different heritages. They even learnt tongue twisters in other mother languages!

A MESSAGE

FROM MR. RICHARD SIDHARTA

As we completed another academic year that didn't fail to challenge us, I would like us to open ourselves to discernment of the best way to spend our summer, and to move forward.

Let us use 'friendliness' as our core virtue. With so much happening in the world, let's make ourselves worthy of companionship and take a genuine interest in the lives of our families and friends. We do not know how our compassionate curiosity may be helping others. Let us share our laughter and tears and invest our time and attention in friendship.

Let 'thoughtfulness' be our guiding virtue. By being observant and considerate, we carefully think about how our actions will affect our loved ones and bring grace into our relationships. By allowing 'trust' to be our strength, we maintain hope and believe that there is good in everything that happens. We are confident in our capacities as lifelong learners.

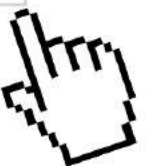

And let us move ahead with courage and confidence towards the next school year, which will promise to deliver opportunities and challenges. With confidence, we have the strength to face it all with self-assurance. We learn from our mistakes, and we keep practicing. Let us fully express our talents and ideas while maintaining a positive attitude.

In the meanwhile, let our gracious attitudes and actions bring a smile and comfort to the ones who need it. I wish you all the very best as we start a new year. Stay safe and healthy.

God bless.

THE BEACON FAMILY

YEAR 1

Top Row: Mr. Michael Edgar Caasi Esguerra, Aleisha Mirielle Iskandar, Grace Nathania Sibarani, Rohit Jeetender Dayal, Jonahvan Darell Rusiantho, Kate Lynn Willyanto, Nicolle Evelyn Muksim

Second Row: Yojna Suraj Punjabi, Rishaan Suraj Harjani, Prishan Navin Nandwani, Arnaav Deepesh Buxani, Aleksandr Gyaan Dadlani, Shahan Suraj Sadarangani, Amadea Valenza Ervix, Samar Bhagwan Mirpuri

Third Row: Akshan Jimmy Mahbubani, Sebastian Sofiar Waplau, Ms. Euphemia Irene, Pareena Sanjay Kumar Mahtani, Pareeza Sanjay Kumar Mahtani, Rachelle Zevanya Leonardo, Nadya Jeevan Harjani, Amadeo Valenzo Ervix

Fourth Row: Noel Xavier Rusli, Ms. Marina Herawati Hutajulu, Cassandra Isabel Rusli, JeongEun (Jenny) Hwang, Aaron Ederson Ho, Kenrich Matthew Wong, Reyhan Richard Sidharta, Emillie Allesandria Pandhega,

Fifth Row: Kelvin Tan, Chisom Chukwu Eze, Abid Aqila Fatahan, Rehaan Rajinder Adiani, Edelweiss Chrilita Joshi

It as a fun and challenging year for the Year 1 students as they faced their first time in "big school" online. Although everything happened online, the students and teachers still managed to build relationships with one another through different activities, such a Fun Friday, Junior school assemblies and online lunch club. They met people from all walks of life through and managed hands-on tasks through their unit of inquiry and other subjects. Although the year was definitely a far cry from what we call normal, memories were still made online through everyone's effort.

- Ms Sheila Canicula

YEAR 2

Top Row: Aidan Lee, Anaaya Melwani, Avishai Tarun Gurbani, Cayden Nathaniel Setia Guna, Chan Woo Lee, Ms. Dipa Natalia
Second Row: Ms. Edna Olaso Nawani, Gabrielle Santoso, Gia Faye Franchesca Nawani, Kyle Lleyton Ang, Louis Travis Suryadi, Madeline Mercia Pangaribuan
Third Row: Makaio Himawan, Margaret Ashley Muliawan, Matthew Li, Michael Yerico, Saheel Dinesh Tolani, Taara Ayilya Subhiksa
Fourth Row: Theodore Ashton Muliawan, Xi Ming (Jackson) Zeng, Zahaan Daryanani

The 2020-2021 school year has definitely been a year like no other. COVID may have rocked our world, but the Year 2 class has brilliantly adapted. Even when we haven't been together in the classroom for the whole year, the incredible learning journey continued. We laughed, learned, and enriched our lives throughout the year's marvelous virtual memories and together have grown into more independent and enthusiastic learners who are now ready to take on the adventures and challenges in Year 3.

My amazing Year 2, you all are very special and I was lucky to have been your teacher. I am so proud of what you all have become.

Always remember "Imagination is more important than knowledge" (Albert Einstein) Godspeed.

Greetings from Year 3. We had an energy and learning filled year, asking questions and delving deep to find answers to what interested us. We worked on accurately presenting information that was researched, sharing with enthusiasm and working with groups. With many outgoing classmates, every class was full of discussion. We supported each other's learning, and took opportunities to become the teacher ourselves.

- Ms. Rebecca Barton

YEAR 4

Top Row: Hrithik Bhagchandani, Grand Haryana, Khanna Amit Samtani, Victoria Abigael, Kayla Karissa Agus, Darren Tanudjaja

Things turn out best for the people who make the best of the way things turn out – John Wooden

Nothing can be more befitting than the above quote for a cohort of 17 students who showed resilience & perseverance to keep themselves motivated in this learning journey through adverse times! Even the pandemic could not diminish their enthusiasm for sharing their perspective and actions through Beacon's first-ever PYP exhibition. I congratulate the fifth graders for their flexibility in embracing new ways to imagine, create and innovate!

Class of 2027 came to year 6 right in the middle of a global pandemic. This active group of learners brought a lot of good times to a year that was full of challenges. They banded together to share laughs coupled with their unwavering enthusiasm for learning. A group of young learners eager to please and deliver the best that they could in all aspects of their year 6 journey. It was indeed an honour and pleasure to mentor the Class of 2027.

This year has definitely been an unforgettable and a unique experience. Homeroom like never before.

It was the first time for me to have a virtual homeroom class. At first, it wasn't easy. It was a task getting things together virtually. But thanks to my year 7's who made it a breeze. They were co-operative, fun-loving and also disciplined. That being said, this year went really well. Hope we all walk out of this real soon. Looking forward to another fruitful year.

It has been a pleasure to be a year 9 HR teacher. As we know online learning became a new challenge for the students in this pandemic situation. However they put their effort for all classworks and developed creativity to organize assembly, some of them wrote a poem to express their feeling and they also found a new hobby .they also became mentor each other. I was proud to see this matter

- Ms. Novilia Putri

When going gets tough, the tough gets going"
Joseph Kennedy

Resilience has been the mantra for the year that has gone by; awakening us all to the harsh and uncertain reality.

Onset of the year it was a mixed feeling for all of us, as we were excited to be getting into IGCSE and Senior School but sadly it was still Online learning! Though the times were 'testing' it did not deter us from 'learning'. Many of us made use of the opportunities like (online) assemblies of Science exhibition, Math Festival, Art Exhibition, Beacon Voice, BAMUN, ESports etc to showcase our talents.

It is a surreal feeling to realize that a whole year has gone by learning online, not visiting the school in person for a single day! Looking forward to the light at the end of the tunnel as we are cruising along these crucial years.

I was very lucky to be a Class 10 Tutor where the students were very cooperative and respectful too. Even though I am new to this school, I feel so welcome to all. I hope my students will be more successful in the next grade and continue what they have been doing well. Stay close and work together for positive things. Good luck!

- Mr. Ray Jeffryn

Dear year 10 students,

It's hard to believe now that you have completed your middle school years and are about to embark on a new chapter in senior years. I am proud of what you have accomplished during the last two years. It has been a rewarding time to have you all together in my advisory group.

Teaching you has been such a great experience especially during this difficult time of the pandemic. I have enjoyed watching you grow throughout your middle school years and successfully completing it.

I know it's hard to go through this moment of time, but I am sure you are yearning to continue your study in the higher level with so much enthusiasm. You pushed through the hard times and have made it to the end.

To my students I would also thank you for the past two years as we have grown together.

Congratulations to each and every one of you. Continue studying and working hard. Always strive to be the best you can be!

The Year 11 was a challenging yet a very fulfilling year for the class of 2022. Although there was an air of uncertainty and apprehension regarding how the year would pan out, the class settled in quite well after some initial hiccups and worked hard towards realising its goals. The Learners showed tremendous resilience in the face of the virtual learning environment and walked the extra mile to meet the requirements of the course. This 'new normal' might have brought along several challenges for the learning community but our students rose to the occasion and ensured that it was a year filled with many fun – filled activities. Whether it was the Year 11 assembly or the Annual TOK Conference, it was all planned and executed well by this very dependable and curious bunch of students. As they move on to the final year of Senior School, I wish them the best and I hope that we get to meet to each other in person soon.

-Mr. Pavan Kumar

YEAR 12

Top Row: Saheen Parsomal, Akhil Mulani, Krisha Vaswani, Karen Fedora Fong, Albertus Andika Bangun, Bryan Lee Jahja
Second Row: Naqisha Khemnani, Mishka Jain, Karen Gunawan, Rexton Winarya, Noah Michell Fraas, Hashita Nathani

Fourth Row: Abinav Nair, Mr. Arnaut Suwarsa, Mr. Senu Austin, Anindya Maheswari, Justin William Limar, Raegeane

Congratulations to the graduating class of 2021. It has been an honour and privilege being your homeroom teacher. It was not an easy journey, but I am really proud of your perseverance, effort, and dedication to your studies that you have shown this past year. Life is a long journey. Beacon is just one station of it. You have charged yourselves up. Now, it's time to chase your dreams! I will miss you, but send with you all my very best wishes for your next adventure and keep striving for excellence.

- Mr. Arnaut Suwarsa

Congratulations, Class of 2021! It has been an absolute honour and a privilege to have known you since the last four years. Our journey together has been nothing less than a roller-coaster ride; nevertheless, one that is replete with memories that shall last a lifetime. As you move on to the next chapter in life, I wish you the best in all your future endeavors and truly pray that success is always yours.

Hard work should be rewarded by good food

ASHLEY KELLEN NIO

I'm a strong, independent woman.

KRISHA VASWANI

Checked my schedule last light and remembered to bring my nose. Medusa aint got nothing on me.

MISHKA JAIN

High School Musical is completely unrealistic

NAQISHA KHEMNANI

Why fall in love when you can fall asleep

NOAH MICHELL FRAAS

Black is kinda sus

RAEGEANE

Thank God we can't turn back time,
would've traded my mental health
twice.

REXTON WINARYA

Shoutout to the people who told me
to grow my hair

RITISHA SANJAY

NANWANI

Be the person you need. That's why I'm
becoming a therapist.

SAHEEN PARSOMAL

has left the meeting

**ZARA MAHESH
RATNANI**

A wise person once told me that
cookies are always the answer.
Yes, I am that wise person

THE CLASS OF 2021!
